USA 20-B

Uniform Semi-Automatic Bottom Only Case Sealer

Interpack™'s USA Series Case Sealers are adjustable, operator fed machines that process same sized Regular Slotted Containers (RSC). This USA 20-B is a bottom only sealer suited for processing a wide variety of cases. These machines are engineered to provide:

- World class performance features
- Heavy duty construction for 24/7 operation
- Ergonomic, user-friendly operation and case size set up

Every Interpack™ Case Sealer comes with an HSD 2000-ET II tape head with adaptive technology to provide optimal tape application and wipe down to each of the 3 taped panels of the case.

When you compare features, benefits and value, Interpack™ Case Sealers are the right choice for operators, plant engineers, maintenance and purchasing.

FEATURES & BENEFITS:

- Side belt drive ideal to process empty cases
- Useful to seal full telescopic cases
- Will pre-seal the bottom center seam of RSC style cases for delivery to packing stations
- Twin 1/3 HP gearmotors
- Self tensioning / self tracking belt drive
- Stainless steel fixed infeed guides
